

WATER & SEWER CONTRACT
Between
TOWN OF MCIVERS
&

I, _____, as a customer of the water/sewer system in the Town of McIvers, do hereby agree to the following regulations as adopted by the Town Council of McIvers, dated June 6th, 2018.

1. That I will pay the set fee of Council before the work on the hook-up begins.
2. That if trouble occurs between the property line (curb stop) and the property, I will be responsible for repairs. Council will be responsible between the main line and the property lines (curb stop).
3. That should the curb stop not be exposed above ground level, and the water has to be shut off, I am responsible for the cost of digging to find it.
4. That I will be responsible for any cost over and above the standard installation cost, as deemed necessary by council. This will include the cost to cut, replace and repair asphalt.
5. That I will make sure an employee of council is present to connect the service line to the system.
6. I will install a minimum of one approved back flow prevention device between the last outlet and the boundary line.

I acknowledge that I have read and fully understand the water and sewer regulations and the terms stated in this contract as put forth by the Town of McIvers regarding the installation of the water/ sewer system.
